MCJ MICROJET™ - Marine

For use as an industrial strength cleaner/degreaser. This eco-friendly foaming cleaner contains multiple strains of bacteria that digest oil, grease, mildew, saltwater buildup, and other organic buildup. *MicroJet* foam is effective at cleaning fiberglass, stainless steel, holding tanks, bilges and other appropriate areas. *MicroJet* can be applied diluted by bucket, hand sprayer, or foaming unit.

Application Instructions:

Dilute 6oz concentrate per 1 gallon water. When used with a hand held sprayer or foaming unit spray area until saturated, let soak before scrubbing off. Rinse thoroughly. May require additional application for exceptionally hard to remove buildup.

Follow manufacturer's instructions for equipment use. Use all concentrate that has been diluted; do not store in spraying/foaming equipment.

Storage:

Store *MicroJet* foam at ambient temperature; do not allow to freeze.

Product Information:

Environmentally friendly
Safe for plumbing lines and septic systems
Contains multiple strains of naturally occurring bacteria
Gives maximum foam stability

No free enzymes
Surfactant blend from natural plant derived materials
Contains no corrosive or caustic chemicals

Precautions:

Do not ingest or inhale.
Keep out of reach of children
Avoid contact with open wounds
People with autoimmune deficiencies should avoid contact

Product is slippery, use caution.
Gloves and eye protection recommended
Avoid contact with eyes, nose, or mouth
Wash hands with soap and water after handling

First Aid:

In case of contact with eyes: flush with water for 20 minutes; seek medical attention if irritation persists.

In case of contact with skin: flush with copious amounts of soap and water; remove contaminated clothing.

In case of inhalation: remove victim to fresh air if trouble breathing; if symptoms persist, seek medical attention immediately.

In case of ingestion: drink 1-2 glasses of water to dilute; do NOT induce vomiting unless directed by physician; seek medical attention immediately.
